## With Adventure World, your cruise is just the beginning

Cruising offers a unique perspective on the world – gliding past glaciers, remote islands, and ancient coastlines. But we believe the most memorable journeys don't end at the port. They begin there.

This collection brings together two distinct ways to explore the world through Adventure World's tailor-made style of travel:

### Cruise-Inclusive Itineraries

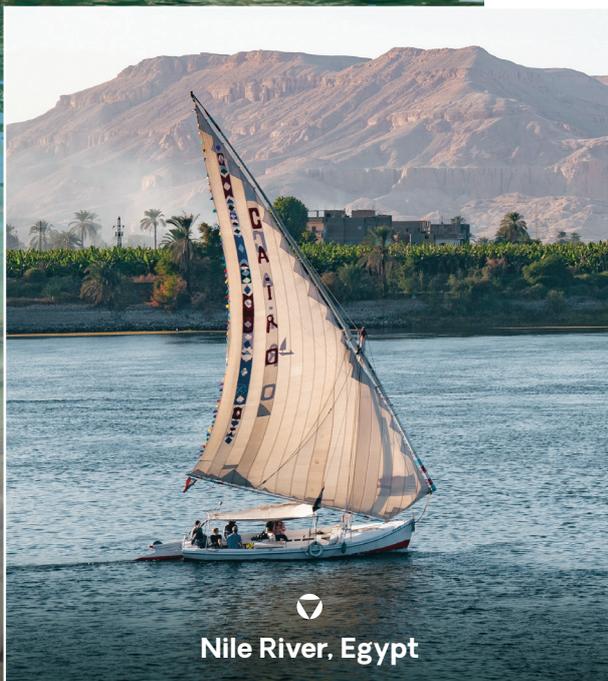

*Land journeys that feature a cruise element as part of the experience.*

These are curated itineraries that include a cruise – whether that's an Amazon expedition, a Galápagos sailing, a Nile river cruise, or a journey along Norway's spectacular fjords. We've partnered with trusted operators like Hurtigruten, UnCruise, Delfin, and Australis to offer immersive, slow-travel experiences on the water. Each of these trips seamlessly blends time on board with rich land exploration, allowing you to unpack less – and discover more.

### Land Journeys to Pair with a Cruise

*Perfectly designed to complement your existing cruise – pre or post.*

Already have a cruise booked? These journeys are made for you. Whether you're starting or ending a voyage in Buenos Aires, Vancouver, Reykjavik, or Singapore, our in-depth land itineraries help you go further. Think rail journeys through the Rockies, wildlife safaris in Botswana, or cultural deep-dives through India's Golden Triangle – all timed to connect with cruise arrival and departure points. They're the ideal way to round out your trip with the same depth, comfort, and care you've come to expect from Adventure World.

Nile River, Egypt

# North America

Cruising through Alaska's wild waterways is just the beginning. Towering glaciers, orcas breaching in icy fjords, and gold rush-era towns are reason enough to visit – but why stop there? Whether you're embarking or disembarking in Seward, Vancouver, Québec City, Seattle, or any of North America's major cruise gateways, it's worth pairing your voyage with time inland. Ride the rails aboard the legendary Rocky Mountaineer through Canada's west coast wilderness, or head south into the USA's vast landscapes. From national parks and desert canyons to buzzing cities and rich Indigenous culture, there's plenty to explore once your cruise docks. After all, if you've come all this way, it's worth lingering a little longer.

*With Adventure World, you can explore these two incredible countries across North America – each offering natural wonders, cultural depth and a vast range of experiences beyond the ports.*
